Subject: Clarification of HANA's Operating Result for Q1/2011
To: Chairman of the Board
The Stock Exchange of Thailand

For Quarter 1/2011, Hana Microelectronics Public Company Limited "HANA" recorded net earnings of Baht 457.246 million compared to Baht 597.402 million of last year. The decrease of Baht 140.156 million was due to stronger THB exchange rate, higher material costs and higher wage costs compared to the same quarter of the last year.
